

Dear Students,

TSMC's 2026 Campus Recruitment and Summer Internship Program has officially launched! We warmly invite all students who are passionate about the semiconductor industry and eager to embrace endless possibilities to apply.

At TSMC, you will collaborate with top industry elites globally, collectively striving for technological advancement, manufacturing excellence, and optimized customer service. We offer comprehensive learning and development programs, alongside thorough career planning, to help you fully realize your potential. Furthermore, you will enjoy a highly competitive overall compensation package, experience a rich and diverse TSMC life, and achieve a harmonious balance between work and life.

tsmc

We sincerely invite like-minded individuals to apply early through our online application portal. Shortlisted candidates will have the opportunity for interviews, giving you a head start in your job search!

In addition to submitting your resume, we have also planned a series of information sessions to help you gain a deeper understanding of TSMC and the future trends of the semiconductor industry!
